2016 LULAC Youth Leadership Conference Workshops

1. Babies Start With A Kiss

(OPEN TO GRADES: 9-12)

Teen Pregnancy – it's an issue many young people face today. What's life like as a teen parent? This session will explore the questions of teen parenting and provide an understanding of what life might be like as a teen parent. This session requires written approval from your parent to attend.

2. Is This The Right Person For You?

(OPEN TO GRADES: 7-9)

Having a boyfriend or girlfriend is the necessary part of personal development and can be fun, but there are also challenges and choices to think about. How do you know if a person is right for you? This session will explore how to plan and prepare for this important part of growing up.

3. Love Shouldn't Hurt

(OPEN TO GRADES: ALL)

Are you concerned about your own relationship? Someone else's? Do you just want to be more informed? Whatever your motivation, educating yourself about the issue is the first step to ending domestic violence. Teen dating violence affects teens across the country. Physical violence isn't the only type of abuse. You could be harming someone close to you in verbal or emotional ways, like through name calling, put-down, isolation and other types of control. You may not realize it, but some of your actions may be hurtful or even abusive. Lots of people do not recognize abuse when it happens or don't know how to tell whether or not a relationship is healthy. Educate yourself about domestic violence. You will learn ways to recognize abuse early on in a relationship.

4. Don't Lose A Friend To Drugs

(OPEN TO GRADES: ALL)

If you or someone you know is smoking, drinking, or doing drugs your future and health could be at risk. If you've thought about it, or have been asked to "just try it," think again. Come learn about the facts behind substance use and abuse and their effects in our community.

5. Say No To Drugs – Say No To Meth!

(OPEN TO GRADES: ALL)

Methamphetamine (Meth) is a powerful and highly addictive stimulant drug that dramatically affects the central nervous system. It is usually illegally produced and distributed. Students will learn about this growing epidemic and the dangerous effects of Meth on their bodies. A documentary DVD on Meth will be presented.

6. Finding the Leader Within

(OPEN TO GRADES: ALL)

Everybody is a leader, either by choice or by default. The question is, what kind of leader are you? Join KWIN radio host and professional life coach, Amanda King for this dynamic workshop on the subject "Finding the Leader Within". You have a voice and your voice matters. You can make a difference in your home, at your school and in your community by standing up and speaking out. We need leaders, why not you?

7. Get Ready For The Workforce! Merging Your Education With A Career!

(OPEN TO GRADES: 9-12)

San Joaquin Delta College offers 36 Career and Technical Education programs. Students completing a Career and Technical Education pathway at Delta College will have job ready skills leading to the opportunity for rewarding industry positions. Students can merge their education with **great** careers! Some of the Applied Science programs include: Automotive; Caterpillar ThinkBIG; Diesel Tech; Electrical Tech; Electronics; Engineering; Fluid Power Tech; Heating and Air Conditioning; Industrial Tech; Mechanical Tech; Welding Tech.

8. Want A Job?

(OPEN TO GRADES: 9-12)

Getting the job of your dreams can be contingent on two things; having the right resume and giving a good interview. In this session you will learn how to write a winning resume and learn what are the top ten most commonly asked questions in an interview. After this workshop, you'll be able to get the job you want!

9. Crime Can Pay!

(OPEN TO GRADES: ALL)

What side of the law do you want to live your life? One ends in an early death or incarceration, and one pays well and helps others...you be the JUDGE! Learn what it takes to be a Police Officer, a Lawyer or a Judge. This session will answer questions about what kind of education you need, how to apply for these jobs, and what the job is really like. There will also be a question and answer period, as well as solutions for staying out of trouble, or what to do if you should ever get in trouble.

2016 LULAC Youth Leadership Conference
Register online at <http://youth.sulandassociates.com> today!

10. Be Your Own Boss!**(OPEN TO GRADES: ALL)**

Interested in starting a business? This session will explain the basics of getting the business started and give ideas on operating a successful business. The importance of a business plan, researching potential customers and building strong networks will also be explained.

11. Do You Love Animals?**(OPEN TO GRADES: ALL)**

Do you like animals? Explore the field of zoology and veterinarian services. Consider a branch of medicine dealing with the prevention and treatment of injuries and illnesses in animals. Imagine having a dream job and getting paid for something you would do for fun.

12. Making Headlines**(OPEN TO GRADES: ALL)**

At its best, journalism empowers communities by informing them about their neighborhoods, their neighbors and the wider world, and by holding public agencies and officials accountable for the people they have a responsibility to serve. This workshop will guide students through the process local reporters use when deciding what stories to cover and when – as well as help them begin to develop their own stories about events and issues they believe are relevant to their lives and those of their peers. Opportunities in the field of journalism will be presented.

13. Beat The Heat...Become A Firefighter!!**(OPEN TO GRADES: ALL)**

Firemen, also known as firefighters, have a tough, honorable, and rewarding job. Their main concern is putting out fires, but they also work in preventing and educating people about fire safety. If you are interested in this line of work, attend this workshop. The speaker will share information on how to become a firefighter. Education, physical fitness and training for this career will be presented. The benefits you receive as a fireman: Respect, Pay and Benefits.

14. Are The Armed Services A Career Option?**(OPEN TO GRADES: ALL)**

Meet, listen and ask questions from enlisted military personnel from the United States Marine Corps. Get the right answers to your questions about military life. The presenter is not a military recruiter and he will share why he chose the military, his experience and opportunities after military service.

15. Youth Eagles Aviation And Space Academy**(OPEN TO GRADES: ALL)**

Students will learn about engineering principles of loads, stability, forces, acceleration, momentum and energy. Students will participate hands-on working on an aircraft wing. Career opportunities in the aerospace industry will be presented.

16. Career Pathways and Road Maps for an Attorney**(OPEN TO GRADES: ALL)**

How do you become a lawyer? What does a lawyer really do? Is all the work really worth it? Lisa Blanco Jimenez will answer these questions by sharing her story of how she got into law school, how she got through law school, how she passed the California bar exam, and how she became the first Latino/a partner in the largest and oldest law firm in San Joaquin County. Lisa will also speak on the unlimited career paths and job opportunities available to attorneys.

17. Nakia Burrise "My Journey"**(OPEN TO GRADES: ALL)**

Nakia Burrise was born in San Diego California and raised here in Stockton. She went to all local schools in Stockton Unified School District. She participated in San Joaquin County's Summer Youth Employment and Training Program's Theater Project as a performer. She has been in several television comedies and performed in many other shows. She got her start with the original Power Rangers series. Students will have the opportunity to ask questions about this young actress/entertainer's journey in the industry, her life and her faith.

18. Money Management – Start Now!**(OPEN TO GRADES: ALL)**

Want to learn the truth about money? This session is designed to help you understand and explore ways to take advantage of opportunities available to you in today's economic environment. Learn how to set up a savings and checking account and make your money work for you. You will learn the value of compounding interest and setting up educational and retirement accounts.

19. Sus Finanzas**(OPEN TO GRADES: ALL)**

Do you want to attend the college of your choice and graduate without a large amount of debt? If you do, this workshop will teach you vital financial tips you need to know before and during college. If you want to start your

career without the huge cloud of revolving debt hanging over your head, this is the workshop you want to attend.

20. Turning 18? The Truth And Magic Of Turning 18

(OPEN TO GRADES: 10-12)

Turning the magical age of 18 has a major effect on the lives of young people. But, there are some things every 18 year old needs to know. This session will address important challenges you need to understand regarding legal consequences of your actions and responsibilities of being an adult. Information on a career in law enforcement will also be presented.

21. The Power of Tourism and San Joaquin “Hot Spots”

(OPEN TO GRADES: ALL)

You may not know, it, but lots of people visit San Joaquin County! This session will look at why our area is a fun place to visit, the role of the tourism industry, job in tourism, and how tourism can help impact our community’s quality of life. Get ready to learn about local “Hot Spots”, events, and attractions that you and your family and friends can enjoy right in your own hometown!

22. The Perfect Picture

(OPEN TO GRADES: ALL)

Interested in photography? Learn how local photographers have followed their passion of photography, not only by making a living at photography, but also adding their artistic talents to create art with photography.

23. San Joaquin Delta College Tours

(OPEN TO GRADES: ALL)

Take a tour of Delta College. Explore this beautiful campus and discover the vast resources available to you and our community. From E-Services to training, there are activities that will address your every need. Whether you are continuing your education or simply interested in arts and crafts, Delta College can be your starting point.

24. NASA Space Exploration

(OPEN TO GRADES: ALL)

An overview presentation of NASA’s work in Space Exploration: The methods for exploring other planets; the means of launching spacecraft to those planets, and the technical challenges of performing such explorations. Career opportunities with NASA will also be covered.

25. Delta College Process For CA DREAMers

(OPEN TO GRADES: ALL)

An opportunity for CA DREAMer students and allies to learn about college resources, how to discover the power you have as students and get connected with a larger network of undocumented students at Colleges & Universities statewide.

26. Let’s Go To College!

(OPEN TO GRADES: ALL)

Going to college is one of the best choices you will ever make for yourself. It can make a difference in the type of life you will have. Earning a college degree offers many rewards to those students who have the drive, determination, and think about their future. Find out how you can prepare today for a rewarding and fun life ahead that includes going to college.

27. Theater Arts, Stage And Sound

(OPEN TO GRADES: ALL)

If you are interested in the world of Theater Arts this workshop was meant for you. Get an overview of the backstage scene shop where stages are designed and built, the many facets of stage lighting and sound for the theater.

28. Careers In Music

(OPEN TO GRADES: ALL)

Are you interested in pursuing a career in music? Attend this workshop with accomplished musician and Delta College Instructor Brian Kendrick. Meet former students who now have successful careers in music.

29. Raza Literature As A Source Of Raza History

(OPEN TO GRADES: ALL)

Raza literature as a rich source of significant but little known Mexican-Chicano Historical events. In this workshop Mr. Soto will share little known but important pieces of nuestra historia through Mexican – Chicano literature. Archived at the Chicano Research Center.

Mr. Soto will support his points of history con Libros – Corridoes and DVD’s and timbres/stamps.

30. On The Air with RTV

(OPEN TO GRADES: ALL)

Ever wanted to be on the radio or T.V.? Come and explore what it's like to be behind the MIC, and be on live radio at Delta College's KWDC 93.5 LP FM. The workshop with Professor Adriana Brogger will highlight careers as a sports announcer, radio disc jockey and radio station engineer.

31. Fast Track Your Way From High School Through College

(OPEN TO GRADES: ALL)

Humphreys College offers a wide variety of educational experiences for the ambitious students who want to fast track their way through high school and college. ABLE Charter High School offers students a head start towards college degrees by offering them the opportunity to take college courses while in high school. The only fully digital comprehensive high school in San Joaquin County, ABLE used the totality of the internet as a vibrant learning environment, offering students a wider range of educational resources. The Associate, Bachelors, Masters and Juris Doctorate degrees at Humphreys College provide the necessary educational foundation to be successful in life. This workshop will give participating students an overview of the "Humphreys Education" experience.

2016 LULAC Youth Leadership Conference Forum Roster

A. Health Care Career And Services Forum

Explore a career in Health Care Services and consider the numerous employment opportunities in the Health Care Industry. In this session, you'll also learn about "Community Health" and its importance in ensuring the health of Latino under-represented families in San Joaquin County. You will have an excellent opportunity to hear from professionals in the field of Health Care service delivery.

B. College Admissions, Financial Aid And Opportunities Forum

You want to go to college, but you're strapped for cash, or can't decide where to go or how to apply? This session will provide information about the various financial aid programs, grants and scholarship opportunities available for students. It will walk you through the college admissions process and what you need to do to successfully secure admission. You will also leave with an awareness of the differences and advantages of starting your college career at a community college or a four-year university.

C. Law Enforcement And Careers Forum

What side of the law do you want to live your life? One ends in an early death or incarceration, and one pays well and helps others. Learn what it takes to be Police Officer or a Lawyer. This session will answer questions about what kind of education you need, how to apply for these jobs, and what the job is really like. There will also be a question and answer period, as well as solutions for staying out of trouble, or what to do if you should ever get in trouble.

D. Sciences, Technology, Engineering, Mathematics (STEM) Career Forum

Be the movers and the shakers of your generation. Consider careers in the field of Science, Technology, Engineering and Mathematics (STEM). STEM careers are evolving into the most exciting, high demand and high paying jobs of the future.

There are on an average, two (2) jobs for every STEM graduate. Your career opportunities will be endless and worldwide. These are the careers that make the world go round and take it to new heights. This forum will provide you with an opportunity to hear from STEM professionals that will expose you the many career opportunities for you to consider.
